

## Brotherhood Schedules Talk by Christian Anti-Communist Exec

The Rev. James D. Colbert, vice president and international director of Missions for the Christian Anti-Communism Crusade, is scheduled to speak at the brotherhood meeting, Friday, at 7:30 p.m. at the First Baptist Church, 2118 Carson St., Torrance, according to Harry Matthews, brotherhood president.

The Rev. Mr. Colbert presents a picture of the crisis Communism imposes upon Christianity, our Missionary opportunity, and western civilization. His message is startling in its revelation, accurate and compelling, and heart searching in its challenge.

THE REV. Mr. Colbert first became aware of the danger of Communism, when as a pastor of a church, a leading ex-Communist party functionary came into the circle of his influence. They spent hours together. Mr. Colbert listened to the incredible testimony of his ex-Communist friend and became deeply concerned about these life and death issues.

Subsequent to this period the Rev. Mr. Colbert joined with the Christian Anti-Communism Crusade to enlighten the American Public and American Officialdom about the so-called mysterious "Communist mind" and purposes.

## Construction Zones Pose Added Perils

Motorists are advised by California Highway Patrol Commissioner Bradford M. Crittenden to exercise caution in areas where road construction is under way.

"Vacationers traveling on unfamiliar highways should take particular care, since they will be unaware of construction zone locations," he pointed out.

IN MANY instances, construction work will mean a temporary reduction in number of lanes, or a detour.

"When you see a sign indicating construction ahead, slow your vehicle to be prepared for a lane change or even a complete stop. The speed limit in construction zones is 25 miles per hour, when posted. In some cases a flagman will be situated to control traffic. His signals constitute an official traffic control measure and must be observed," the commissioner said.

A PARTICULARLY dangerous practice is lane-jockeying in construction zones where a reduction in available lanes forces traffic to funnel down. Patience pays off in two ways. You will get through with your temper intact—and your vehicle, too.

"Safe driving techniques also protect construction crews," the commissioner pointed out. "High speed through a construction zone endangers you and the men working on the road."

"THE BLUEPRINT of Soviet policies and aims are open for all to understand," says Mr. Colbert. In his messages, he not only shows what the Communists are doing, but he points out why they do the things they do.

For five years he traveled and studied with a noted educator from Australia, who is considered to be one of the foremost authorities on the "inner workings of Communism." During this time he studied the basic texts of Communism and the history and organization of the Communist movement.

Colbert believes we must stop Communism before it destroys us and he says, "all that is necessary for Communism to triumph is for us to do nothing. We can lose by default," he said. Enlightened dedicated action in this desperate peril, he believes, depends upon sane and sound knowledge of this movement which has increased two million per cent in the past 40 years.

## Pintos Maintain Perfect Record, Down Mustangs

Home runs by Ray Allen and Tim Fitzpatrick allowed the Pintos to preserve their unblemished record in the Pacific-Rivera Pony League as they edged the Mustangs 7 to 5. Earlier, the Pintos had coasted to an 8 to 3 victory over the Broncos on the three hit pitching of Ray Allen. Allen sent 17 men down swinging.

Greg Reddick homered to spark the Wranglers to a 9 to 2 upset victory over the Roans. The Wranglers also battled the Mustangs to a 1 to 1 tie in an extra inning tilt.

Other Pacific-Rivera games saw the Roans coming back to down the Colts, 5 to 4 and the Colts breaking even by slipping past the Broncos, 7 to 5. Darrel Kirkuff of the Colts and Taylor Wood of the Broncos collected four-baggers.

## Lions Set Night Runs

The regular Saturday night drag racing program will resume this week under the lights at Lions Drag Strip in Long Beach. Racing was interrupted for the Summer Drag Championships that were held at the strip last Saturday.

Eliminations will start at 8 p.m. with qualifying from 4 in the afternoon.

## Airport Days Set Saturday, Sunday

Plans for the fourth annual Airport Days to be held here this week end include the showing of ancient aircraft and other unique aviation items, it was indicated here yesterday. The celebration is scheduled to be held Saturday and Sunday.

## Bareford Streaks 1:54, Places Second in State

Living up to his coach's prediction, Tony Bareford ran a torrid 1:54.0 880 in the State Track Finals Saturday at East Los Angeles to nab a second place against the best prep half-milers California has to offer.

The slim Torrance High junior finished behind Bill DeBow of San Francisco's Lincoln High who clocked a rapid 1:53.1.

TONY BAREFORD  
Runs Fastest 880

Just a few days before the State meet, Tartar track coach Joe Sarthou had predicted that Bareford was capable of running a 1:54.0 half-mile, and he certainly lived up to it as he paced his team to a tie for eighth place, the best showing by a South Bay school.

Mike Thornton, highly touted Tartar miler, favored by many to win the four-lapper, snapped the tape in a disappointing 4:18.5 to finish a disappointing fourth.

Billed as the miracle mile, the race didn't quite live up to expectations as La Habra Bruce Bess romped home a winner in 4:14.8. Just a hair behind the winner came Bud Groth with a 4:15.0 effort. Doug Calhoun, who has a 4:15.8 time to his credit, could manage only a 4:17.8, good enough for third place.

Bess earned revenge for last year's State Finals when he had been one of the favorites only to be upset and finish a badly beaten fifth. Thornton ran a 4:15.5 in that race to grab a second.

Two state records fell in the meet with Bill Graves of El Cajon claiming the pole vault mark and El Rancho's Bill Pace shattering the shot put standard.

Graves climbed 14-2 1/2 while Pace heaved the shot 64-3 1/2.

The meet saw Centennial, as expected, walk off with the title, edging out Glendale Hoover, 11 to 10.

## Wroge Leads Indian Win Over Yankees

Ricky Wroge slammed out three hits in four trips to the dish to pace the Indians to a 5 to 2 triumph over the Yankees and move the Indians into sole possession of first place in the Torrance Central Pony League standings.

Despite outitting the Tigers, the Cards fell 6 to 4 as Gene Hooser chalked up the victory and oboer Sharpe was saddled with the defeat.

Steve Kealey twirled a three-hitter as the White Sox nipped the Red Sox, 3 to 1. Fred Carpenter supplied the batting power for the winners by bashing out two hits. Dave Roberts of the Red Sox also collected two hits. It was a well pitched contest as the two Red Sox pitchers, Roberts and Donald Tipple, also gave up only three hits.

## Mono County Stocked With Rainbows

The roadside lakes in Mono County have been stocked with a three weeks allotment of catchable-size rainbow trout, totaling about 125,000 fish, in continued emergency planting to be made from the Department of Fish and Game's Black Rock rearing ponds near Independence.

Lakes that will receive a three weeks stocking a lump sum include Convict, June, Gull, Silver, Grant, Lundy, Twin Lakes Mammoth, Mary, Mamie, George, and Upper and Lower Twin Lakes Bridgeport. Following the heavy plant, these lakes will receive no more trout until the week starting June 19. Roadside streams throughout the Inyo-Mono area will continue to be stocked each week.

## Babe Ruthers Smash Out Six Homers

During the past week of baseball, six home runs were clouted by the Torrance Babe Ruthers. Three of the four baggers were garnered by the Angels. Gary Hayworth collected two and Dave Fisher belted the other.

Other round trippers were hit by Les Dutcher of the Dons, David Hoppes from the Beavers and the Dodger's Mike Blankenship.

Leading pitchers at the close of the week's play were Mike Blankenship and Don Coil of the Dodgers and Lloyd Gilstrap from the Angels with 3-0 records.

Continuing to set the pace, the Dodgers boosted their record to 6-0. The Padres are in second place with a 4-2 slate.

## Westchester Nipped By Red Devil Nine

Erv Palica bashed out three hits in four times at bat to lead the Connie Mack Red Devils to a 10 to 8 win over Westchester. Rick Hood also got his bat in action by knocking two hits in four trips to the plate.

Behind 7 to 2 in the top of the sixth, the Red Devils rallied for seven runs on three hits, three errors, and four walks to win the tilt.

John Toroh pitched only four innings, but struck out ten men without allowing a hit as the Red Devils won a 4 to 3 squeaker over Anaheim.

June 20

## Rabies Clinic Slated

Rabies inoculation clinics for Torrance area dog owners have been scheduled in two city parks for Tuesday evening, June 20, it was announced yesterday by Mrs. Bernice Blonk of the South Bay Humane Society.

Conducted with the cooperation with the area's veterinarians, the clinics will be open in El Nido Park and in Walteria Park between the hours of 7 p.m. and 9 p.m. on that date, she said.

Veterinarians are volunteering their time as are members of the South Bay Humane Society staff to provide the inoculations for a fee of \$1.50. Mrs. Blonk said.

All dogs in Torrance 4 months old and older must be inoculated before licensing is permitted. New licenses will become due on July 1, she warned. License fees will remain at \$3 for all dogs.

Persons bringing dogs to the clinics are asked to have them on a leash and to observe the 7 to 9 p.m. hours.

## Gains and Brains

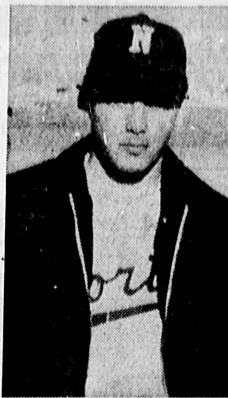

By ESTEY I. REED  
Less than 50 years ago, women were considered to be the weaker sex. After woman suffrage, she advanced very rapidly to the position of being looked up to. The rise hasn't been due exclusively to law. The Duke of Halifax, English statesman, noted the reason when he said in defining a woman, "She has more strength in her looks than we have in our laws, and more power in her tears than we have in our arguments."

## Wilson Pitches Legion To Win

Ray Wilson started the off in winning form by throwing American Legion horsehiders off in winning form by throwing a seven hitter to give the Torrance crew a 3 to 2 win over Hawthorne. Bib Trevathan helped out the winning cause by bashing a sixth inning triple to drive in a pair of runs. He scored later in the inning on an infield out to win the game.

The Legion nine chalked up another win when they breezed past Lomita, 6 to 0 as Bill Kehoe scattered seven hits to ring up the victory.

Kehoe was backed by the hitting of Eleazar Ybarra who drove in three of the six runs, going two for two at the plate with a double and a triple to his credit. Rick Jacobs went one for two at the plate while bashing in an RBI.

BILLY KEHOE  
Man With An Arm

## Senators Continue to Dominate Tordondo Little League Action

Continuing to dominate Tordondo Little League action, the Senators slipped by the Dodgers 3 to 0 behind the three hit pitching of Donnie Cowden. Charley Lee gave up only five hits and struck out 13 for the Dodgers.

Denny Murray and Joel Hons combined on the mound for the Indians and limited the Yankees to two hits in a 3 to 3 victory for the Indians. Murray was credited with the win. Ralph Olea parked one over the fence for the victors. Kenny Gromberg, Yank hurler, whiffed 10 men.

Danny Stern breezed a third strike past eight men as his White Sox teammates romped

to a 6 to 1 triumph over the Braves.

After losing several close ball games, the minor league Seals blistered the Beavers, 15 to 1. Other action saw the Angels upset the Phils, 12 to 10; the Pirates tripping up the Stars, 14 to 9; and the Padres routing the Red Sox, 15 to 4.

Larry Brown of the Cubs is currently leading the batters with a .600 average. Joel Hons, Indian hurler is next in line with a .545 average. Other leading swatters include: Bill Bergeron, Cubs, .529; Kelly Johnston, Dodgers, .500; Dick Cowden, Senators, .475; Dick Thomas, White Sox, .454; Jack Cowan, Tigers, .450; Bobby Dilts, Senators, .445; Steve Ellington, Dodgers, .428; Tim Nancarrow, Dodgers, .426.

The league standings are shaping into a definite pattern with the Senators seemingly destined to remain in the top slot.

## Fifty or Over Bowling League Competition Set

Open house bowling will be featured by the Fifty or Over bowling league Saturday, June 17. Both men and women of the area who are in this age bracket are invited to be the guests of the club which is celebrating its first birthday at this time. Bowling will begin at 1 p.m. at 22501 Hawthorne Ave.

Nellie Krishner, who took up bowling at 65 years of age and now at 85 turns in a 250 score and has made six strikes in a row, will be guest of honor.

Cash and merchandise prizes will be given high scorers with a feature door prize. Members and non-members of the club are invited to attend.

The cause of love is an "I don't know what"—so small an object that we cannot recognize it... Had Cleopatra's nose been shorter, the whole history of the world would have been different.

—BLAISE PASCAL (1623-62)  
French philosopher

## ...Italy

(Continued from Page 1)

visitors encompasses a magnificent dinner followed by a tour of the city and at least two of the "seven hills."

As in most of Europe, there no longer are any real bargains in Rome. There is a lot of quality in fashions, hand-worked leather goods and objects of art, but prices generally are as high or higher than in the United States.

Our traveling group of newspaper publishers ended our visit in Rome by attending an impressive public audience given by Pope John XIV along with about 8000 pilgrims from all over the world. His Holiness spoke for more than 20 minutes, stressing the need for peace in the world, and evoked thunderous applause that echoed through the magnificent vastness of St. Peter's.

The automobile has become a status symbol in Italy as a result of the expanding economy of the country and the adoption of the American time payment plan.

NOW ALMOST every resident in the urban areas of Italy has his transportation, often a very small car but enough to take him and his family out to the country and about the city to use his aggressive talents in endless traffic jams. If you go to Rome you probably will fly into Rome's new Leonardo da Vinci Airport, one of the finest and best equipped in the world. On the way you will pass over ancient Roman chariot roads and perhaps the Appian Way. Your car or bus may be hampered by ancient carts drawn by tiny donkeys and you will see women struggling with plows in stone-pocked fields in soil "so poor you have to fertilize it to make bricks."

But you'll come away from Italy with remembrances of more happy faces than somber ones and more hope than despair. And the chances are, you will want to go back for more of this pleasant mixture of the ancient and the new.

## ...Council

(Continued from Page 1)

the one-lamp, overhead installations.

OTHER TRAFFIC signals, although carrying a higher priority, were left in the proposed budget for next year because they have already been placed in an agreement with the state for financing through gas tax funds.

These include signals at Torrance and Maple, Torrance and Hickory, Torrance and Madrona, Carson and Madrona, and Crenshaw and Sepulveda.

IN OTHER ACTIONS, the council approved designs for additions to the Rolling Hills Plaza shopping center on the airport triangle which will include several small stores and a Thrifty Drug Store. The request for the additional buildings was presented by Abe Schwartz, Foods Co. executive. The council also deferred to budget sessions, a request by city employees that wage increases, longevity, and night differential be paid in the new year.

DON TANDY, speaking for general employees, asked for an across-the-board increase of \$50, and longevity of one additional step after five, twelve, and nineteen years of service.

Tom Woolridge, speaking for police officers, asked for an 11 per cent raise, longevity for patrolmen only, shooting pay and court time, and an increase for officers required to wear plain clothes on duty. The councilmen will discuss all the wage proposals at a future budget session, it was indicated.

## ...Chamber

(Continued from Page 1)

pursue goals "that represent the most pressing community needs and are within the Chamber's manpower and financial resources."

He also spoke of the need for strong membership support and adequate financing by members, but told Rotarians as representatives of the city's business and industrial firms, that the goals of the Chamber "is for you to decide."

Reining came to Torrance last month from West Lafayette, Ind., where he had been manager of that city's Chamber or Commerce.
